Tesuque Open House Meeting Agenda:

The Tesuque Community Planning Open House will provide an opportunity for the community to review and discuss the Tesuque Community District Overlay and proposed zoning with neighbors, members of the Tesuque Planning Committee and Santa Fe County staff. The proposed Community District Overlay will implement the Tesuque Community Plan which will provide design and land use standards and will be a guide for future development and land use for the Tesuque area of Santa Fe County.

The proposed Tesuque Community District Overlay will be presented to the Santa Fe County Board of County Commissioners (BCC) to be considered for adoption through the Sustainable Land Development Code (SLDC) amendment process at two public hearings. The proposed zoning to implement the Tesuque Community Plan will also be presented to the BCC to be considered for adoption of the Official Zoning Map.

You are invited to attend either of the below meetings during any of the listed times. The information will be the same at both meetings.
